

Enterprise Performance Experts Since 1984

In the crowded and sometimes confusing world of enterprise software and consulting, you need a partner that you can trust and always count on. With thousands of engagements and scores of satisfied reference customers, you can rest easy that Godlan is that partner.

Godlan has been serving diverse manufacturing sectors since 1984. Our highly satisfied clients affirm that Godlan provides real business benefits such as increasing revenue, decreasing operating costs, creating new products, entering new markets, increasing collaboration with partners, and reducing production cycle time.

Our philosophy of service guides us to:

- **Discuss** your critical business issues and goals
- **Assess** your solution needs and objectives
- **Develop** plans to generate the results you seek
- **Deliver** solutions and services critical to your success
- **Measure** results and ROI

Our Solutions

Changing the world, one life at a time.

Beyond the Norm (BTN) is our giving-back initiative at Godlan.

Godlan began going on virtual mission trips in 2021 with the purpose of working together to change lives by raising funds to bring water, food, shelter, hope, and healing to the world around us.
